Bernadette Amansure aka Burni Aman is a hiphop and spoken word artist from Cape Town, South Africa. Formerly a member of the legendary all female hiphop group, Godessa, she has worked with many well known local and international artists.

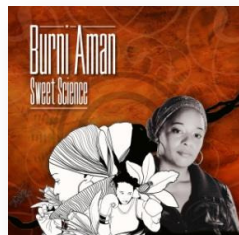

Sweet Science, the debut solo album from Burni Aman, will be launched on Sat, 28th Feb 2015 at The Imperial, Long Street with featured Hiphop and Reggae artist, Crosby aka Digi Analog and surprise guest. The 20-track album features musicians, vocalists and producers from Switzerland, Africa and the USA. Sweet Science effortlessly embraces the styles of hip hop, soul, rock, afro beat and funk with rap as a medium for communicating universal ideas.

Singles: Die Kaa; a brilliant Afrikaans ghoema-funk and afrobeat inspired narrative of life on the Cape Flats and Spacestreet, an ode to the Mother City shows a strong bond and love for home while she travels poetic across the continents with the beautifully written, Summerbreeze. With her diverse lyrical styles, Burni Aman displays a rare trait of female rappers by spitting explosively intricate rhyme patterns and flows on songs such as Split Tongues, Mrs. Gibbs and Children of the Sun. Look out for the music video, Darknessbright, coming soon.
